Our Karat® Earth eco-friendly paper hot cups are made from renewable resources. Lined with compostable material.

Karat® Earth compostable cups can hold up against temperatures up to 165° F and are ideal for hot beverages.

It is recommended to store Karat® Earth eco-friendly paper hot cups in a cool, dry place away from direct sunlight.

Karat® Earth eco-friendly paper hot cups are fully compostable in commercial composting facilities. Certified as compostable in USA and Japan.
