Our Karat® Earth eco-friendly paper food containers are made from renewable resources. Lined with compostable material.

Karat® Earth eco-friendly paper food containers are widely used for hot or cold food such as soups, noodles, salads, ice cream, yogurt and more. Flat lids are ideal for hot food with added venting holes to release steam.

It is recommended to store Karat® Earth eco-friendly paper food containers in a cool, dry place away from direct sunlight.

Karat® Earth eco-friendly paper food containers are fully compostable in commercial composting facilities. Certified as compostable in USA and Japan.
